

# Therapy-based Academic & Behavior Support

Saturday, October 20, 2018

8:00 AM - 4:00 PM

Methodist University Occupational Therapy Department

Thomas R. McLean Health Science Building

5400 Ramsey St.

Fayetteville, NC 28311

- ★ Use the Dynamic 5 Systems Approach to support learners with dyslexia, sensory processing disorder, and/or ADHD.
- ★ Learn 10 Minute Moves to improve learning readiness.
- ★ Advocate for children who think and learn differently.

- ★ Improve self-regulation and focus for academics.
- ★ Learn 20 Focus Moves poster activities.
- ★ Apply activities to Trauma Informed Teaching Models.
- ★ Teach students how to manage their own behavior and become leaders.

- ★ Learn tiered interventions proven to work for busy teachers and support staff.
- ★ Use same activities across multidisciplinary teams.
- ★ Close the gap between special education and general education through effective collaboration.

Yes! CEUs are provided. See details on next page.

This workshop is appropriate for K-5 elementary teachers, special education teachers, therapists, specialists, reading teachers, parents, and middle school teachers working with children with special needs.

**Early Bird Rate by October 1, 2018**

\$215.00 includes Quick Start Kit (see details next page)

**Regular Rate after October 1, 2018**

\$235.00 includes Quick Start Kit

More Information? Visit [www.schoolmoves.com](http://www.schoolmoves.com) or Email [info@schoolmoves.com](mailto:info@schoolmoves.com).

## ADDITIONAL INFORMATION

### ARE CEUs AVAILABLE?

Yes, all attendees receive a Certificate of Attendance for 6.5 hours of coursework. Educators, OT, PT, SLP will receive additional documentation to submit for continuing education.

### HOW SHOULD I DRESS, AND WHAT TIME SHOULD I GET THERE?

Please dress in clothing that allows comfortably for movement. Often times rooms are either too hot or too cold, please bring layers for your comfort. Please feel free to bring a fitness ball to sit on, yoga mats for floor work, or other items that help you be more comfortable during class. Registration begins at 8:00 a.m. and class starts promptly at 8:15 a.m.

### WILL SNACKS OR LUNCH BE INCLUDED?

Yes! Snacks and lunch are provided with options for vegan and gluten free diets. Please bring your own if preferred.

### EVERYONE RECEIVES A QUICK START KIT VALUED AT OVER \$235.00!

- S'cool Moves Workshop Booklet
- Set of Ten Different Minute Moves Activity Posters
- Focus Finder Desk Strip
- Butterfly 8/Rapid Naming Card
- Quadrant Word Taps Individual Cards
- Focus Moves Instructional Booklet
- Set of Ten Different Beginning Level Focus Moves Posters
- Set of Ten Different Int. Level Focus Moves Posters
- Free Discussion Community & Extended Course Content

### WHAT IS TABS?

TABS is therapy-based academic and behavior support utilized within a three-tiered system to optimize learning for all students and bridge the gap between special and general education services. Therapy intervention is always integrated with academic and behavior goals.

### A PORTION OF YOUR FEE SUPPORTS MILLER'S CREW

Our Quick Start Kits are assembled by Miller's Crew, a non-profit vocational training program for adults with disabilities.

YOU GET 30 DIFFERENT  
ACTIVITY POSTERS & MORE

*"I cannot thank you enough for the incredible learning experience you provided us with your S'cool Moves conference. What a gift that was to us, to all of us! The teachers I have spoken to RAVED about what they learned." ~Bev Landers, Principal, Chico, CA*

Student doing evidence based Quadrant Word Tap Activity to learn sight words. Motivating. Effective. Come try it yourself at our course.

**Dr. Debra Em Wilson** is the Founder of S'cool Moves and a graduate from the USQ Professional Studies Program. Her dissertation uncovered attributes of successful collaboration between occupational therapists and general education teachers working in the classroom. She possesses teaching credentials in the areas of biology, physical education, multiple subjects, and reading and language specialist. Debra has over 30 years in the education field as a teacher, presenter, and author. She is the mother of a child with special needs and weaves her personal journey into her work.

**Dr. Amy Spence, OTD, OTR/L,** is the Academic Fieldwork Coordinator and Assistant Professor in the Occupational Therapy Department at Methodist University. Dr. Spence has been in school based practice for 22 years. Amy's knowledge includes sensory processing and transition programming from ages 3-22. She brings her energy, enthusiasm, and singing skills to S'cool Moves workshops.

## WORKSHOP LEARNING OUTCOMES

By the end of the workshop, all participants will:

- ★ Gain knowledge of S'cool Moves concepts that include academic, behavior, and educational supports to facilitate classroom management and achievement of educational goals.
- ★ Understand the S'cool Moves Energy Expenditure Model and how it ties to participation in educational and therapy settings.
- ★ Examine concepts of Trauma Informed Teaching and how it integrates with S'cool Moves activities for optimizing social-emotional health.
- ★ Participate in labs designed to master quick, easy-to-use therapy and academic based activities that improve executive functioning, self-regulation, alertness, and attention levels.
- ★ Differentiate instruction to support students with learning differences and behavior challenges within therapy and classroom settings.

Therapy  
Practitioners  
will also:

- Learn the eight sensory systems of the body and how each impacts children's behavior control and academic success.
- Increase time-on-task for students by using evidence based therapeutic interventions proven effective in classroom settings.
- Plan how to integrate S'cool Moves activities into RTI or MTSS models using push-in, pull-out, or consult models.

Educators  
will also:

- Facilitate independence in students so they learn how to manage their own behavior and become classroom leaders.
- Develop a deeper understanding of how key learning systems affect academic success and behavior control in the classroom.
- Participate in an easy-to-use problem solving model for behavior management using effective strategies that elicit more time for teaching.
